PROFESSIONAL'S CHOICE CATALOG

MODEL YEARS 1986-2000

Welcome to the 2000 STRATTEC Professional's Choice Catalog, the industry's most comprehensive single source for original service parts on domestic vehicles. We've included more Lock Service Packages for Chrysler, Ford, GM, Heavy Trucks and Mitsubishi, and we've expanded the STRATpack® Service Kit, Marine and Industrial sections.

Ordering STRATTEC original automotive parts means you'll receive the same quality parts designed and manufactured for the original vehicle. Just place your order with a local distributor in your area. Their names are listed on the back cover. And thanks for choosing STRATTEC as your original parts source.

APPLICATION GUIDE

We've organized these charts alphabetically by manufacturer, division and nameplate. For example, to find a Chevrolet Lumina, you'd look under General Motors. Next, find the Chevrolet section and locate the vehicle name alphabetically. Here you will find base level trim parts. Where optional equipment exists, you will notice this symbol (◆) referring you to the optional equipment chart, found on page 39.

It is essential to obtain proper year, make and model information from your customer. Should you discover a discrepancy, recheck the information and/or check one model year ahead or behind to cover mid-year introductions.

PART ILLUSTRATIONS

We've organized these alphabetically by manufacturer, starting with key blank components for locks and service package sets. The sections are arranged in the following order: key blanks, tumblers and springs, caps and shutters, ignitions, doors, decks/tailgates/rear doors, glove/console/miscellaneous and lock sets.
