PROFESSIONAL'S CHOICE CATALOG

MODEL YEARS 1990-2004

Welcome to the 2004 STRATTEC Professional's Choice Catalog, the industry's most comprehensive single source for original service parts on domestic vehicles. We've included more Lock Service Packages for Chrysler, Ford, GM, Heavy Trucks and Mitsubishi, and we've expanded the STRATpack® Service Kit, Marine and Industrial sections.

Ordering STRATTEC original automotive parts means you'll receive the same quality parts designed and manufactured for the original vehicle. Just place your order with a local distributor in your area. Their names are listed on the back cover. And thanks for choosing STRATTEC as your original parts source.

WATCH FOR HELPFUL SYMBOLS

- NOTE:** appearing throughout the catalog to call your attention to changes, unique situations or to offer application hints.
- ◆ appearing next to part numbers to direct you to footnotes at the bottom of the page.

DEFINING NEW TERMINOLOGY

- **Alarm** – A factory-installed anti-theft system
- **Dual** – Lock service package containing both black and chrome components
- **Electric** – Refers to an actuating switch on the back of the cylinder to perform an automatic power function, not to be confused with a power lock
- **Fleet** – Single-key vehicles, all keyed alike
- **PASS-Key** – Replaces VATS in GM terminology, refers to the key and pellet system introduced in 1986.
- **PASS-Lock** – MRD – Separate GM security system from the Pass-Key, relies on magnetic rotating device contained in the cylinder housing, introduced in 1996.
- **PATS** – Ford Passive Anti-Theft System, with a transponder in the key that operates with radio frequency, introduced in 1996.
- **RFID** – Radio Frequency Identification, utilizes transponder technology.

- **U Groove** – GM's unrestricted groove refers to uncoded cylinders, lock service packages and lock assemblies, accepts all GM key sections A – K.
- **Universal** – Part may vary from production model in color or material, but will fit and function properly, typically applies to nonhanded parts.

ABBREVIATIONS

- **GRV** = groove • **PTL** = Push-to-lock
- **PB** = Push button • **TG** = Tailgate
- **DWO** = Discontinued When Out. Designates parts that will be unavailable after current inventory is sold.

APPLICATION GUIDE

We've organized these charts alphabetically by manufacturer, division and nameplate. *For example, to find a Chevrolet Lumina, you'd look under General Motors. Next, find the Chevrolet section and locate the vehicle name alphabetically. Here you will find base level trim parts.* Where optional equipment exists, you will notice this symbol (◆) referring you to the optional equipment chart, found on page 43.

It is essential to obtain proper year, make and model information from your customer. Should you discover a discrepancy, recheck the information and/or check one model year ahead or behind to cover mid-year introductions.

PART ILLUSTRATIONS

We've organized these alphabetically by manufacturer, starting with key blank components for locks and service package sets. The sections are arranged in the following order: key blanks, tumblers and springs, caps and shutters, ignitions, doors, decks/tailgates/rear doors, glove/console/miscellaneous and lock sets.

CONTENTS:
