AUTOMOTIVE LOCK & KEY CATALOG 1994

All Items in Bold Type are New for 1994.
Refer to Master Price List for Stocking Code
Recommendations.
For Previous Models See Catalog No's. AS-2998,
AS-2535 and AS-2374.
Refer to AS-2111 for Price Lists.

"The Locksmiths Original Choice for Quality Aftermarket Service Products"

Briggs & Stratton Corporation
Milwaukee, WI 53204 USA

1994 PARTS CATALOG

TERMS – UNIVERSAL AND UNRESTRICTED

Don't be confused.

When we use these terms in our Parts Catalog and Service Bulletins, there is a specific reason.

UNIVERSAL indicates that a coded Lock Assembly **may not** be of the same **grooving** or **key series** applicable to the model year under which it is listed.

Further use of this term with other lock parts like Shafts, Pawl and Cases indicates that an item may be used in more than one application, **while different** from the OEM part, it is still **functional**.

UNRESTRICTED is applied to Uncoded Cylinders, Lock Service Packages and Lock Assemblies where the Cylinder is cored to allow entry of any key regardless of **grooving**.

CoPo – Fleet Application

The 1979 through current vehicles are equipped on the assembly line with 1978 style Ignition Locks. However, the Column will accept the 1979 version (screw retained) Ignition in the field. Thus, you have flexibility in filling your customer needs.

Certainly the 1979 design 609530 provides greater security and would be more desirable as a replacement part after the vehicle has left the fleet category.
